

# THE NEWPORT DIRECTORY

FOR THE YEAR ENDING JULY, 1935

## 1934

Containing

**Alphabetical Section** (page 161). Gives names, occupations and addresses of all men and women eighteen years old or over and all business houses. Dates of deaths during the previous year are given, and where possible, the addresses of people who have moved to other cities. The names of partners in firms are given after the name of the firm. Wives' names are given, following that of the husband. Telephone numbers are also given for places of business and householders. Much other information is contained in this department that cannot be found elsewhere.

**Business Directory** (page 401). All business houses, individuals in business for themselves, and professional men are listed without charge under the heading that best describes them. The more progressive houses, realizing that it pays to be easily found, pay a nominal charge for special listings in heavy type, under every heading where a buyer might look for them, cross-indexed to a descriptive space in the "reference section."

**Street House and Home Owners Directory** (page 333). All business houses, individuals in business, and householders, listed in numerical order upon their respective streets. The streets are arranged in alphabetical order with descriptions. A feature of great value and convenience.

### A VALUABLE FEATURE:

### HOMES OWNED BY OCCUPANTS INDICATED BY SYMBOL ©

(Note: this information is as given to our canvassers, and is not guaranteed by us. It should be of value as an indication, but not taken as legal proof of title.)

**Advertising Department** (page 65). Where more information than is possible to give under the headings is placed on file for buyer's reference. The value of this department cannot be estimated. It is an index of the best business interests of the city, and stands for them and the city in reference libraries all over the country, as well as on the desks of progressive business men. It is accessible to everybody, and the logical place to look for specific information. This probably explains why no other form of publicity is so generally endorsed by business men, as a glance at this department will show.

**Map** (opposite title page). The clearest map ever made of the city, on a scale large enough to see, and small enough to be handled easily, showing the location of Points of Interest and Summer Residences with names of owners.

**Miscellaneous Information** (page 12). Organization of City Departments, giving officers—State officers and departments—U. S. officers and departments—Courts holding sessions in the city, with terms and officers—Population tables, etc.

## ***How the City Directory will help you***

Some people regard the City Directory as merely a big book that cannot concern or be of any use to them, personally.

If they realized what it contains, and how it would answer many little questions that come up every day, they would use it in their personal as well as business affairs.

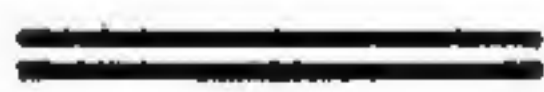

Well, now—doesn't it concern you? It has your name, business and address correctly listed, where your friends, looking for you, will find it.

It has this same information about your friends, and anyone else in the city you may be interested to look up.

It has complete information about the business houses of the city, telling who sells what, and where. It has detailed accounts of progressive houses, who realize they will logically be looked for in the "Selling Section."

It tells how all the streets run, giving numbers at corners; the clearest map of the City; Buildings, Government, Societies and a wealth of facts about the City that can only be appreciated by glancing at the Index.

You will be repaid for a little time spent in finding out how to use this book full of "Who and Where" information; repaid in convenience, in accuracy, and in time saved in your everyday affairs. **But be sure you use the latest, as an old edition will mislead you.**

When one speaks of Newport today, it is usually in connection with the doings of its wealthy summer residents, or activities at the great naval station which Uncle Sam has established along its waterfront. Thousands of persons, from all sections of the country, view the magnificent estates of "The 400" yearly and the immense establishment where the nation's naval officers and enlisted men are trained in the arts of war and engines of destruction are fashioned content to see the things that are and thinking little of the ancient landmarks which made of Newport a centre of industry and culture two hundred years ago.

It was in 1639, that William Coddington, man of affairs, here established, with a handful of followers, seceders from Portsmouth, a "body politick" based upon religious freedom and tolerance. The church which John Clarke, preacher and physician, founded believed by some to be the first Baptist church in America, still exists, and his grave has become almost a religious shrine. Not far away, on Touro Street, is the oldest Jewish synagogue in the country, built in 1763 and long acclaimed as an architectural masterpiece in its interior.

The location of the little settlement at the mouth of Narragansett Bay made it ideal for commerce, in which it was a close rival of both Boston and New York. Ships were built in its harbor and sailed away on trading voyages, carrying in their holds products of the little shops and factories established in the town, including those of several distilleries. For many years these activities continued while Providence was still referred to as one of the "out plantations" of the colony.

When French and British privateers began preying upon the commerce of the seas, Newport ship owners and sailors were not long in following suit. And so successful were they in their daring endeavors that they were called "pirates" by the London government. Many were the rich cargoes brought into the harbor of Newport by these freebooters of the seas and many were the fortunes soon established in this business. The notorious Captain Kidd is said to have had friends in Newport and to have visited Rhode Island.

The slave trade also occupied the attention of Newport merchants for quite a period and for several years Newport was known as a slave trading centre.

As the town increased in size and richness, it also extended its cultural advantages. Men of learning here found an atmosphere to their liking and enjoyed the hospitality offered and, until the British occupied the town for three years during the Revolution, Newport was the gathering place of savants of both the old and new world.

Newport was incorporated as a city on June 1, 1784, but the charter was repealed three years later. Nearly seventy years later, in 1853, it was again chartered.

The first spot sought by most visitors is the famous Ocean Drive, with its uninterrupted view of the forty to fifty miles of rugged coast line extending from Sakonnet Point on the east to Point Judith on the west, unequalled along the Atlantic Coast.

The Cliff Walk, starting at Newport Beach, skirts the cliffs along the ocean and ends at Spouting Rock Beach, or as it is more often called, Bailey's Beach. This beach is undoubtedly the most exclusive in America, and is the aquatic playground of Newport's summer colonists.

Few cities in America, regardless of size, have the diversified recreational facilities to offer to its guests as are to be found in Newport, often referred to as "The Capital of Vacationland". Two outstanding programs are offered the vacationist at Newport—one for the active sport lover—the other for the sport follower or fan.

Several beaches, unsurpassed, afford opportunity for safe surf bathing and ocean swimming, while in the Bay still water invites the swimmer who prefers something less strenuous than the restless Atlantic.

A popular spot sought by many visitors is Easton's Beach, but commonly known as "Newport Beach", where one may spend the day enjoying the surf bathing, delightful in temperature, with assurance of safety from erratic currents. For those who do not care for surf bathing, modern Roman pools are available.

For the lovers of outdoor sports there are the Newport Country Club, the Wanumetonomy Golf Club and Sachuest Golf Course.

Across the Harbor, on Goat Island, is the U. S. Torpedo Station where the torpedoes are made. At the north end of the city on Coasters Harbor Island is the Naval War College and the U. S. Naval Training Station.

One could travel through its quaint, narrow streets for several days, viewing objects of great interest on every hand. Among the points of interest, in addition to the foregoing, are: The Old State House, the Governor Nichols or Hunter House, Washington Street, the Vernon House, Mary and Clark Streets, Jewish Synagogue, the Jewish Cemetery, the Old Market House (home of the Chamber of Commerce), Redwood Library, Touro Park and the Old Stone Mill, Trinity Church, the Friends' Meeting House, Newport Artillery Armory, the Art Association.

**How to Make This Book Serve You!**

The City Directory may be used to great advantage in supplementing and rounding out your newspaper publicity. Put—"We are listed in the directory" in your copy. Tie up all your advertising to the directory with the above phrase. Then see to it that you are properly represented under all the business listings applicable to your business. The phrase will stick long after the newspaper has been mislaid and people will get in the habit of looking for your name when ready to purchase goods which you carry. Thus will the interest aroused by your newspaper display be extended and preserved for your future benefit.

*Are You  
Leaving A Record For The Future?*

It may prove a serious matter in years to come if by any chance you should be incorrectly listed in or left out of the City Directory. Cases have occurred where the evidence of the City Directory, as to residence or occupation, has had an important bearing on the disposal of a fortune. Business men, especially, should see to it that their firm's record is absolutely correct and all changes should at once be reported.

*"Better Be Safe Than Sorry"*

A small amount invested will list you under several lines of your business.

# This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and

director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9 To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

**\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.**

## *The Return Circuit in Advertising*

*The circuit must be completed before the bell will ring  
The Buyer must find the Seller before a Sale is made*

---

**Creative Advertising**—in newspapers, magazines, billboards, etc., tends to suggest wants and to create desire.

Before a sale results the initiative must pass from Seller to Buyer.

When this happens the Buyer begins actively to seek where he can best supply his wants.

**This Directory** is a logical place to look (at least our subscribers tell us they use it for this purpose) and the Reference Advertising herein has assisted many sales.

---

**Have you made it easy for Buyers to find *You*?**

### *There are two kinds of Advertising*

That which the Buyer seeks, and that which is thrust upon him.

#### *Both are good*

*Display* advertising *suggests* wants and *creates* desire. Of its tremendous power many present day successes bear witness.

*Reference Advertising* steps in when the desire has been created. It shows where the goods can be purchased and gives information that the buyer wants *when he wants to buy*.

#### *A Connecting Link*

The weakness of display advertising is that often a need is not realized until the ad that suggested it is misplaced or thrown away.

A shrewd buyer usually looks the field over before buying and where is so logical a place to look as *in this book*.

#### *A Help to You*

In your buying, use the lists in this book. If you see a name in *heavy type* it is because that concern thought enough of your possible business to make it easy for you to find them. If it says "See page — —", you will find there information that will really help you.

#### *Are You Covered?*

Have you made it easy for buyers to find you, by putting a bold type listing under every heading where they might look for you or a competitor? Have you put information in the "Selling Section" that will really help a buyer, and point to *you* as the one who can serve him best?

If not, make a note to do it in the next edition, and let us tell you *now* how little it costs to be *protected*.

**Y**OU LIKE to Patronize those  
Concerns Who are in Business  
to Stay.

It's human to expect that such business establishments always stand back of the wares they sell.

The advertising in this Directory is suggestive of the stability and permanency of the advertisers.

Frauds, fakes, get-rich-quick and other schemers have little use for directory advertising. It lives too long.

The modern city directory is a business institution. It occupies a place peculiarly its own. It is as necessary to the progress and development of a city generally as anything naturally would be which deals with such a fundamental as the citizens themselves.

**IF YOU ARE NOT ADVERTISING YOUR BUSINESS IN THE DIRECTORY, MAY WE EXPLAIN HOW AND WHY IT WILL PAY YOU.**
